Gentlemen,

It would be a real disservice to our local communities throughout the country if the FCC allows K-Love to be displaced by an LPFM broadcaster providing other programming. K-Love provides a wonderful wholesome listening experience to myself and other local communities, throughout this country. The music and stories broadcast by K-Love enhance the lives of all who listen and I believe it is in the public and countries interest to have radio stations promoting these values through music.

Sincerely,

Don Hallam
